

PLAYA

BY JEAN-RÉMI MOURAD & FREDI TORRES
CAVE DE GUISSAN - FRANCE

Never change a winning team ...

Playa is the latest collaboration between Jean-Rémi Mourad & Fredi Torres at Cave de Gruissan in the south Languedoc.

Issued from typical local grapes: Syrah, Carignan, Grenache and Mourvèdre, harvested from small vine plots surrounding Gruissan village, Playa will amaze you with his character definitely Mediterranean: easy, smooth, seducing, with fine spices et small red berries flavours.

Mediterranean ? Yes, but not only ...

Of course Playa is made from typical grape varieties from Gruissan terroirs, it nevertheless retains the typical touch of both LE CARTEL's oenologists: seductive, with spicy notes and red berries, Playa offers a very southern profile first place, before expressing itself in suppleness and lightness, it is a pleasant and easy wine, which does not deny its terroir of origin, we are talking about summer's wine, the one for lenghtening evenings.

This way of life, typical of southern France we found it in Cyril Oberhoffer's paintings, almost naturally, and while speaking with the Artist we inspired him this very graphic label, strong, immediate, that plunges us directly into the salty and smooth atmosphere of languedoc and mediterranean coast's evenings. (Cyril Oberhoffer, Pais Chocolatine <https://www.pais-chocolatine.com/>)

PLAYA

BY JEAN-RÉMI MOURAD & FREDI TORRES
CAVE DE GRISSAN - FRANCE

Grapes Breakdown : 30% Syrah
25% Carignan
25% Grenache
20% Mourvèdre

Vineyard: Clay and Limestones soils
Gruissan Village
